# IXI SWIMMING POOL GAS HEATER

The Astral Pool IXI Gas Heaters are the latest in pool and spa heating technology. With its ultra-compact size, light weight and innovative design, the IXI heaters provide the greatest flexibility for the pool owner. The Astral Pool IXI Gas Heater is available in 2 sizes, 200MJ and 370MJ with a further option of Natural Gas or ULPG variants.

## ENERGY EFFICIENT

IXI gas heaters are highly efficient in generating energy to heat your pool with upto 83% thermal efficiency rating.

## AUTOMATION - READY

Convenient connection to your Connect 10 controller through the built-in RS485 interface using the RJ connection with the gas heater controller (14608). Direct connection with no additional interface required for connection to Halo.

## USER-FRIENDLY CONTROL

Digital interface for effortless temperature control and diagnostics data with run-time and cycle meter available in the user back menu.

## ULTRA-COMPACT, LIGHTWEIGHT DESIGN

Fits 61cm x 61cm pad and only weighs 57kg or less.

## FLEXIBLE INSTALLATION

180° rotatable top negates the need for additional plumbing, saving the pool owner money.

## EASY ACCESS

Ease of serviceability for your pool technicians when required.

## ASTRALPOOL VERSAFLO

All models in the IXI gas heater range are now compatible with VersaFlo\*.

VersaFlo\* activates the built-in flow bypass valve diverting the water around the heat exchanger when not in heating mode to further help save on energy consumption.

## WARRANTY

For product warranty registration and information, please visit:

AU: [www.astralpool.com.au/warranty](http://www.astralpool.com.au/warranty)

NZ: [www.astralpool.co.nz/warranty](http://www.astralpool.co.nz/warranty)

\*VersaFlo is an optional accessory and needs to be purchased separately.
