Seagull Pro

Key Features

Cordless - Eliminate the hassle of tangled cords and create a safer environment with the Seagull Pro.

Quad-Motor System - This is the world's first implementation of a dual draining motor and a dual suction motor being applied to a cordless robotic pool cleaner. The Seagull Pro pumps up to 130GPM and is the most powerful cordless robotic pool cleaner on the market.

WavePath™ Navigation Technology - Equipped with industry-leading path planning technology, Aiper ensures complete coverage and an amazing clean for your pool's floor, walls, and waterline.

Wall Cleaning Capability - Thanks to its powerful motors, the Seagull Pro can tackle more than just your pool floor but also cleans your pool walls and waterline. Roller brushes enables better cleaning ability on pool floor and wall.

Other Features

Improved Battery System - The built-in rechargeable battery provides up to 150 minutes of cleaning and takes only 3-4 hours to fully charge.

Rapid Water Release - A sophisticated water release system clears your device of water in seconds so that you can clean up and charge up in minutes.

Auto-Parking - The Seagull Pro automatically parks near your pool's wall after completing a cleaning cycle or when the battery is low.

LED Indicator - The beautifully designed indicator communicates the unit's status so you're always on top of your cleaning game.

Recommended Pool Size - This unit is ideal for pools up to 1600 sq.ft./150m².
